It is seen that the area of Kansaa is nineteen thousand square miles greater than that of all New England, New York, and New Jersey; and that the area of Nebraska is ninety-five thousand miles greater than that of all the non slaveholding States except California. Oregon is nearly equal in extent to all New England, New York, Fennsylvania, Ohlo, and Indiana. It is possible that New Mexics and Mesilia will be embraced in one territorial organization by Congress at the present season; containing 288, 606 square miles—excessing all New England, New York, Pennsylvania, Ohlo, Indiana, and Illinois. Washington exceeds in extent all New England and New York.
